Our Mission

The mission of the Milan Chamber of Commerce is to develop and maintain a unified community, providing educational, cultural and recreational opportunities in a safe and attractive environment while continually striving to improve the economic and social well being of all citizens.

The Organization

What Is A Chamber of Commerce? A chamber of commerce is an organization of the forward looking citizens of a community, principally business men and women interested in promoting the civic, commercial and industrial welfare of the community in expressing business opinion. The chamber director and staff work full time to accomplish the goals and policies set by the membership and board of directors.

How Is It Organized? The board of directors consists of sixteen members plus officers. The members, according to the by-laws, vote on eight names submitted to them yearly as new directors to serve for a two year term. Each year, eight directors go off the board and eight new ones come on the board. The officers are elected from the board and/or the membership. After the officers and directors are elected, the President appoints the necessary committees to carry out the Plan of Work.

How Is It Financed? The Milan Chamber of Commerce is supported by membership, fund-raisers, City of Milan, Gibson County Hotel Motel Tax, and Milan Public Utilities.

Are Investments Deductible? Your chamber of commerce investments are deductible as "business expense" on income tax returns, but ARE NOT deductible as donations or contributions. This applies to both business and individual investments.
