Spirit's Playground was built in 2011 in conjunction with the Milan Healthcare Foundation. It is designed for children 12 years and under and to be accessible to the special needs of children with disabilities while maintaining its purpose to encourage ALL children to play. For more information, please call 731-686-1611.

The City of Milan is proud of the beautiful 160 acre City Park and the activities that it provides to its citizens. The Parks and Recreation Department was established in 1984. A full-time director coordinates the activities and oversees the maintenance. A Parks and Recreation Board of local citizens is appointed by the Mayor and approved by the Board of Aldermen each year. This board acts as an advisory to the City Board.
